

## **AI Use in Assignment Development: Checklist for Group Assignment**

**Eric Eligh**

Please review each section and respond to the questions. If your group answers “**Yes**” to any item, please **elaborate** on how AI was used, which tools were involved, and how it influenced your assignment development.

### **Planning and Research**

- Did your group use AI tools to brainstorm or generate topic ideas?- **NO**  
If yes, please describe the tools used and how they shaped your topic selection.
- Did your group use AI to summarize or explain academic sources?- **NO**  
If yes, explain which sources were processed and how AI helped with comprehension.
- Did your group rely on AI to find or recommend sources or references?- **NO**  
If yes, specify the tools and how they influenced your research direction.

### **Writing and Drafting**

- Did your group use AI to generate any part of the written content (for example, paragraphs, summaries, outlines)?- **NO**  
If yes, indicate which sections were AI-generated and how they were integrated.
- Did your group use AI to rephrase or improve writing (for example, grammar, tone, clarity)?- **Yes**  
If yes, describe the extent of revisions and the tools used.
  - **Used Grammarly to edit the grammar for the script. All suggestions for edits were manually reviewed and accepted by Eric.**
- Did your group use AI to translate content from another language?-**NO**  
If yes, mention the original language and the translation tool used.

### **Data and Analysis**

- Did your group use AI to analyze data or generate visualizations (for example, charts, graphs)?- **Yes**  
If yes, explain the type of data and how AI contributed to the analysis.
  - **I used AI to support the initial cost analysis, which was subsequently manually adjusted better to reflect the project's real-life costs and goals.**
- Other:**N/A**

### **Creative and Visual Work**

- Did your group use AI to create images, diagrams, or design elements?  
If yes, specify the tools and the purpose of the visuals.-**NO**
- Did your group use AI to generate code or scripts for interactive or digital components?  
If yes, explain the functionality and how it was implemented.-**NO**

### **Critical Thinking and Originality**

- Did your group critically evaluate and revise AI-generated content before including it?  
If yes, describe your revision process and how you ensured originality.-**Yes**
- Did your group ensure that the final submission reflects your own understanding and voice? -**YES**

If yes, explain how you balanced AI assistance with personal input.

- **AI was used for grammar support, as explained above, and initial cost analysis, as this course is not part of a business program.**
