

AI Use in Assignment Development: Checklist for Individual Assignment

Artificial Intelligence: A Guide for Students - Research Guides at Thompson Rivers

University Library can be accessed via this link

<https://libguides.tru.ca/artificialintelligence/home>

Please review each section and respond to the questions. If you answer “Yes” to any item, please elaborate on how AI was used, which tools were involved, and how it influenced your assignment development.

Planning and Research

- Did you use AI tools to brainstorm or generate topic ideas?
If yes, describe the tools used and how they shaped your topic selection.
Yes - I used AI to brainstorm ideas for a solution back in Part A to help me narrow in on the angle I wanted to take for my solution
- Did you use AI to summarize or explain academic sources?
If yes, explain which sources were processed and how AI helped with comprehension.
Sometimes - I find the articles myself and read them, sometimes I will have an AI tool like NotebookLM quickly summarize the article either to refresh my memory or validate my understanding because it is presented in a conversational podcast style.
Did you rely on AI to find or recommend sources or references?
If yes, specify the tools and how they influenced your research direction.
No

Writing and Drafting

- Did you use AI to generate any part of the written content (for example, paragraphs, summaries, outlines)?
If yes, indicate which sections were AI-generated and how they were integrated.
No
- Did you use AI to rephrase or improve writing (for example, grammar, tone, clarity)?
If yes, describe the extent of revisions and the tools used.
I have used it to help with grammar or rephrase wording for flow on slides. I definitely don't take all of the suggestions.
- Did you use AI to translate content from another language?
If yes, mention the original language and the translation tool used.
No

Data and Analysis

- Did you use AI to analyze data or generate visualizations (for example, charts, graphs)?
If yes, explain the type of data and how AI contributed to the analysis.
No

Creative and Visual Work

- Did you use AI to create images, diagrams, or design elements?
If yes, specify the tools and the purpose of the visuals.

Yes - I utilize gamma to help build a template to make a cohesive design. I then export it and upload it into Canva to do a lot of personal modification to reflect my true vision

- Did you use AI to generate code or scripts for interactive or digital components?
If yes, explain the functionality and how it was implemented.
No

Critical Thinking and Originality

- Did you critically evaluate and revise AI-generated content before including it?
If yes, describe your revision process and how you ensured originality.
Yes, as explained above.
- Did you ensure that the final submission reflects your own understanding and voice?
If yes, explain how you balanced AI assistance with personal input.
Yes, I used tools that can help me create an aesthetic style that fits my topic but everything is reviewed and modified to reflect my vision.
