Please review each section and respond to the questions. If your group answers “**Yes**” to any item, please **elaborate** on how AI was used, which tools were involved, and how it influenced your assignment development.

Planning and Research

- Did your group use AI tools to brainstorm or generate topic ideas?- **No**
If yes, please describe the tools used and how they shaped your topic selection.
- Did your group use AI to summarize or explain academic sources?-**No**
If yes, explain which sources were processed and how AI helped with comprehension.
- Did your group rely on AI to find or recommend sources or references?- **No**
If yes, specify the tools and how they influenced your research direction.

Writing and Drafting

- Did your group use AI to generate any part of the written content (for example, paragraphs, summaries, outlines)?- **No**
If yes, indicate which sections were AI-generated and how they were integrated.
- Did your group use AI to rephrase or improve writing (for example, grammar, tone, clarity)?- **No**
If yes, describe the extent of revisions and the tools used.
- Did your group use AI to translate content from another language?- **No**
If yes, mention the original language and the translation tool used.

Data and Analysis

- Did your group use AI to analyze data or generate visualizations (for example, charts, graphs)?- **No**
If yes, explain the type of data and how AI contributed to the analysis.

Creative and Visual Work

- Did your group use AI to create images, diagrams, or design elements?- **No**
If yes, specify the tools and the purpose of the visuals.
- Did your group use AI to generate code or scripts for interactive or digital components?- **No**
If yes, explain the functionality and how it was implemented.

Critical Thinking and Originality

- Did your group critically evaluate and revise AI-generated content before including it? - **N/A**

If yes, describe your revision process and how you ensured originality.

- Did your group ensure that the final submission reflects your own understanding and voice?- **N/A**

If yes, explain how you balanced AI assistance with personal input.
